

GRIFFITH UNIVERSITY

Bachelor of Technology Education

Projects 1999

1999 Design & Technology

School of Vocational, Technology and Arts Education

The second in the series of CDs showcasing the work of final year Bachelor of Technology Education students from Griffith University is now available. The CD includes a slide show presentation about each of the 12 projects plus a full version of the design brief, investigation, production details and evaluation. Autorun and Web browser navigation means it is easy to use for students and staff alike making it an ideal resource for Technology teaching in schools.

It is available for \$25.00 from:
